March 23 – May 10, 2012
Polytechnical Museum

Power of Water

We are pleased to invite you

to the opening of the International Ecological art-project

on Thursday, 22th March 2012

from 18:30 till 21:30. Halls No. 1, 2, 3

The project refers to different aspects of the relationship between culture, education and everyday life. Twelve artists from Russia, Germany, Italy, the Netherlands, the United States and Japan offer their artistic interpretation of these all-important themes: Water and Life, Water and Man, Water and the Arts.
